

## DENIES THE STORY OF ROYAL DEFEAT

### RUMOR OF SPANISH LOSS IS UNTRUE.

**Gen. Weyler's Chief of Staff Says No Mine Was Exploded—Commander-in-Chief to Return to the Field—Excitement in Madrid Is Running High.**

Havana, Nov. 28.—The chief of staff here was informed of a dispatch received in New York from Jacksonville, Fla., stating that Gen. Weyler, during the recent campaign in Pinar del Rio lost 700 men killed and 1,600 wounded by the explosion of an insurgent mine, and that 2,000 men of the Spanish force were killed and 4,000 wounded during the two days' fighting in the Rubi hills. The chief of staff distinctly stated that there was no truth in the statements made; that no mines were exploded by the insurgents; that there had not been two days' fighting.

### Lamont in a Pacific Mood.

New York, Nov. 28.—Secretary of War Lamont called attention to a report that the national guard in all the states had been notified by the war department to make all necessary preparations for war. He said "If any such order had been issued I would naturally know something about it. No such order has been issued and no such order is contemplated. I have heard nothing of a war and the intentions of the government, so far as I know, are pacific."

### Anxiety in Madrid.

London, Nov. 28.—The Standard's Madrid correspondent says "Madrid newspapers reflect the intense anxiety of all classes as the meeting of congress at Washington approaches. The strongest feeling prevails against any intervention in Cuba, even from the friendliest nation, which the Spaniards contend would be a tacit recognition of Cuban belligerency. Spain would prefer the risk of a conflict with the United States."

### Weyler Off for War.

Havana, Nov. 28.—Capt. Gen. Weyler arrived safely at Mariel Friday, where he was received by the authorities and large crowds of people. He immediately started for Artemisa. From there the captain-general went to Vuelta Abajo by train, leaving the cavalry and Brig-Gen. Calixto Ruiz to join him later.

## DEFICIT IN IOWA'S TREASURY.

### Half a Million Dollars in Warrants Unpaid for Lack of Funds.

Des Moines, Iowa, Nov. 28.—The state of Iowa has about \$450,000 in warrants outstanding. They are stamped "Not paid for lack of funds." The state treasury is empty, and there is no money with which to pay them. A big deficit is staring the people of the state in the face. In a month over \$500,000 will be out, and the state will be over \$500,000 in debt, with the expense of a long extra session to look forward to. Iowa has no bonded indebtedness, and the fact of this deficit is not known generally. Auditor McCarthy is preparing a statement of the exact condition of the treasury, which will be given out next week. The coming session of the legislature cannot relieve the present stress. The levy was made by the last general assembly for two years, and this general assembly has no power to change it. As all the money that can be raised for two years to come must arise from the levy, there is nothing that the extra session can do.

### Endeavorers at Muncie, Ind.

## THE REVIEW OF TRADE BY DUNN

The Revival of Business Is General The Report Says.

New York, Nov. 28.—R. G. Dunn & Co.'s Weekly Review of Trade says: "When the rush of orders slackened many began to think that business was dwindling. The subsidence of deferred orders is not a decrease of business. The reports from all parts of the country show clearly an enlargement of trade, not at all points in the same branches, but everywhere helped by a more confident feeling."

"Wheat has risen over 6 cents for the week, without material change in foreign advices, which have been on the whole less stimulating. Western receipts are falling behind last year's, and for four weeks past have been only 19,012,584 bushels, against 27,902,512 last year, while the exports, flour included, have been 6,270,981 bushels in the same week, against 6,265,018 last year, and are not large enough to create excitement. But thirteen cargoes have left Tacoma in November, and thirty have left San Francisco, with twelve more loading and forty engaged."

"At four western cities the output of flour in five weeks has been 2,655,415 barrels, against 2,613,300 barrels in the same week last year. Corn has sympathized with wheat only a little, and is coming freely."

"Cotton has gained only a sixteenth, after its marked decline, and the tolerably heavy movement puts the speculators for an advance in constant difficulties, and yet there is all the time to remember the fact that the crop was nearly one month earlier than usual and the present excess over last year's movement may be materially reduced hereafter. Nevertheless the fact appears that the northern mills are taking much less cotton than in previous years, and the demand for goods is evidently disappointing."

"Wool was and is still bought largely for speculation, and earlier purchasers are unloading on the latter, but the mills are not yet doing much more than they did in October. A few more have been started, but there is scarcely more demand apparent for staple goods. The producing capacity in operation does not seem to be half the capacity of the works, and the stoppage of several large carpet mills within the last ten days is of importance."

"The collapse of the nail combination, and probably of the beam combination, and a large reduction in quotations for nails and beams, give reason to look for a larger demand for products of iron and steel, but at present the sales against speculative purchases made some time ago are depressing prices."

"The failures for the week have been 300 in the United States, against 279 last year, and 38 in Canada, against 47 last year."

## ACTS OF VIOLENCE FEARED

### Feeling Again Breaking Out Over the Murder of Clara Shanks.

Terre Haute, Ind., Nov. 28.—The bad feeling in the Wolf Creek Falls neighborhood over the acquittal of the Kellers on the charge of murdering Clara Shanks is breaking out again, and it would not be unexpected if there were acts of violence. ## TAKE CARE OF LEAF, AS IT'S A GOOD CROP

EDGERTON REPORTER'S AD-  
VICE TO GROWERS.

Carelessness Should Not Undo the La-  
bor of Nature—Weed Is Exception-  
ally Fine This Year—The Janesville  
Leaf on the Local Market—Tobacco  
Notes.

THE present fall has been as  
prolific for casing weather  
as any season in a  
great many years and growers  
never favored with a  
finer opportunity for the early stripping  
of their crop. The entire season  
from start to finish has been about as  
near perfect for the production  
of an extra fine tobacco  
crop as could well be arranged.  
And to close up with the hanging leaf  
has been in good case for stripping  
about every week since the curing  
began. A season of warm, foggy  
weather this week was just precisely  
suited for bringing the leaf into suit-  
able case without any danger of its  
becoming too damp.

A good deal of the new crop is now  
taken from the sheds, and stripping  
the order of the day. The new tobacco  
is so thin and leafy that growers are  
fully aware of the danger of allowing  
it to remain on the lath long after it  
is removed from the poles. In the  
later growth there are some green  
stalks that will surely stain the leaf if  
left long in piles before stripping. The  
safest way is to get the tobacco into  
bundles as soon as possible after it is  
taken down. The grower cannot af-  
ford, the Reporter suggests, to permit  
a bit of carelessness or neglect to creep  
in now, when the time for delivery of  
the crop is so near at hand.

**The Local Market.**  
Although the actual amount of sales  
reported does not show very large, con-  
siderable bargaining has been done  
that will lead to better results in the  
near future, says the Janesville Leaf.  
There is an extensive call for samples  
from all directions. Export and filler  
grades seem to be in good demand  
just at present. Local dealers are not  
riding to any great extent, and but  
few crops are purchased of the farm-  
ers. But little has been done in '96  
but the rain and fog of this week has  
brought the hanging tobacco into good  
case and an opportunity to make a  
thorough examination may lead to  
more buying. The transactions re-  
ported are: 4100 sold by S. B. Heddies;  
a small lot sold and another bought by  
Robert Erler, and small lots sold by  
J. L. & M. F. Greene and G. H. Rum-  
mell. Hanging tobacco was brought  
into excellent case, and nearly every  
farmer has taken down a large amount  
and stripping has commenced on an  
extensive scale.

**The Edgerton Market.**  
The buying of the '96 crop is being  
resumed again in nearly all the mar-  
ket points, says the Edgerton Re-  
porter. There has been considerable  
riding during the week, the hanging  
leaf generally being in excellent con-  
dition for critical examination. Some  
new buyers have entered the field of  
late and while there is no excitement  
or rush of business, the indications  
point to the gradual gathering up of  
the unsold portion of the new crop.  
The prices set earlier in the season  
seem to be fully maintained though  
without much material advance. Our  
present sales average about with those  
first reported. An occasional sale at  
seven cents and better is reported.  
Sales of the new crop coming to our  
notice are:

B. Kaudson, 5 acres at 6 1/2 c.  
J. Thomdross, 5 acres at 6 1/2 c.  
L. S. Farness, 6 acres at 6 1/2 c. and 1 c.  
Robert Melnik, 3 acres at 6 c.  
John Torgerson, 3 acres at 6 and 1 c.  
Mrs. Mary Lien, 6 acres at 6 and 1 c.  
Charles Hutson, 10 acres at 6 c.  
Robert Cresson, 10 acres at 6 1/2 c. and 1 c.  
James Stafford, 15 acres at 6 1/2 c.

**Old Goods Move Freely.**  
Old goods continue to move freely,  
including all years' growth remaining  
in first hands, the '93 and '94 having  
the preference. Sales reported are:

O. C. Lee, 33 cases '93 at 7 c.  
Henry Goughy, 30 cases '93 and '94 at 6 c.  
C. Vetter, 16 cases '93 at 7 c.  
C. Huber, 45 cases '94 at 5 and 1 1/2 c.  
O. K. Tiesberg, 25 cases '97 at 7, 5 and 3 c.  
Joe Bickley, 13 cases '94 at 5 and 3 c.  
H. S. Hove, 7 cases '94 at 5 and 3 c.  
T. Halverson, 28 cases '94 at 5 and 1 1/2 c.  
H. J. Hime, 6 cases '94 at 5 and 3 c.  
George Haylock, 25 cases '94 at 5 and 1 c.  
O. E. Gulbeth, 42 cases '94 at 5 and 3 c.  
O. E. Gulbeth, 27 cases '94 at 4 1/2 c.

There is a light movement among

The large recent transaction is the  
sale of the Westby packing of '95,  
some 600 cases to Bamberger. C. L.  
Culton reports the sale of 50 cases for

a 25 case lot of '93. H. W. Child has  
shipped 300 cases from his Janesville  
storage.

**Good Casing Weather.**

The week has brought some perfect  
casing weather and growers who were  
disposed had a splendid opportunity  
to take down the entire crop. Doubt-  
less a good portion is now removed  
and ready for stripping. Some have  
even completed this work and have  
their crops ready for delivery.

A good deal of old leaf has been de-  
livered in this market during the week  
and several dealers are putting their  
warehouses in shape to commence han-  
dling the new crop.

The shipments of the week from  
this station reach but 200s to all  
points. 1080s of cigar leaf were  
exported from New York since last re-  
port.

**The Reporter's Notes.**

Charles L. Clifton made a flying trip  
to New York during the week.

Jesse Mayer of New York, who has  
been riding with Carl Tannert of  
Stoughton, buying the new crop, called  
upon his friends in this market last  
Friday.

August Eisenor of Philadelphia has  
been in this market during the week  
riding with Phil Bonn and buying  
quite freely of the new crop.

Wm. E. Brill of New York, arrived  
Tuesday evening and is making ar-  
rangements to commence receiving  
some of his new purchases soon after  
the first of the month.

O. E. Langworthy, of Fulton,  
brought in a sample of his '96 tobacco  
crop on Tuesday that in size and qual-  
ity equals anything we have seen this  
season. The leaves run about thirty  
inches in length and of fine color and  
texture. The crop was harvested just  
sixty days after planting and all  
secured in first class shape.

Max Bamberger has returned to  
Philadelphia after a two weeks' stay  
in this market. While in the state his  
firm have added over 1,500 cases to  
their stock of old leaf. The Westby  
packing of Eckhart and Shannon, of  
some 600 cases, and the McNair pack-  
ing at Brodhead were the largest items  
of their recent purchases. Mr. Earle,  
however, continues to buy quite lib-  
erally of old leaf from growers.

**The Leaf's Local Notes.**

S. B. Heddies examined Clinton sam-  
ples Tuesday.

Geo. H. Rumrill shipped a car of  
leaf tobacco Saturday.

Chas. Wheeler is on the road for  
Rudolph, Haviland & Son.

G. H. Rumrill transacted business in

Sam'l. Grundy ships three cars of  
tobacco eastward this week for ex-  
port.

J. L. & M. F. Greene sampled  
about 580 cases of '94 this week, with  
satisfactory results.

L. Kuttner, a prominent leaf  
dealer of Detroit, was inspecting  
Janesville samples the first of the  
week.

Hal Child, of Edgerton, received  
five cars of export tobacco in this  
market this week. It is a good thing  
for the state that so many of the  
lower grades are going across the  
briny deep.

**GOOD TEMPLARS NAME DELEGATES**

Representatives Named To Go to the Dis-  
trict Convention.

MEMBERS of I. O. G. T. lodge  
held a business meeting  
last evening, and elected dele-  
gates to the coming district  
convention to be held in Monroe on  
December 15 and 16. The event prom-  
ises to be a most interesting one, and  
the five counties of Green, Rock, Wal-  
worth, Kenosha and Racine will send  
delegates. Those who were elected  
last evening were Miss Kate Hamp-  
rey, Edson Baker, George Hanson, J.  
W. Webb and Elmer Hanson.

As lodge deputy, to fill the vacancy  
caused by the resignation of M. S.  
Kellerg, George Hanson was chosen.

**COUPLE TOSSED BY A TRAIN**

Miss Wilcox and George Shaffner Had a  
Narrow Escape.

THE buggy in which Miss Etta  
Wilcox, of Chicago, and  
George Shaffner, of this city,  
were riding, was tossed by a  
C. & N. W. train last night and Miss  
Wilcox was painfully, but not dan-  
gerously hurt. The accident hap-  
pened at the Western avenue cross-  
ing and the occupants of the buggy  
failed to heed the whistle. The  
buggy was completely wrecked. Con-  
ductor Levins and Engineer Sher-  
wood had charge of the train. Dr.  
W. H. Palmer attended Miss Wilcox.  
Shaffner was not hurt.

**WARM WEATHER HURT FOWL TRADE**

Birds Sold on a Close Margin, and Deal-  
ers Feared Losses.

MILD weather, during the fore-  
part of the week, injured the  
sale of turkeys in the city.  
A local merchant says that  
the grocers and butchers were very  
careful in buying and only purchased  
just what birds they knew they could  
dispose of. Turkeys were bought for  
one cent a pound less than the selling  
price, so the spoiling of a 20 pound  
bird would have knocked off the profits  
on a number.

**CHESTER BREWER ON THE TIE GAME**

Says the U. W. Was Crippled After the  
Minnesota Contest.

THE poor condition of the Uni-  
versity foot ball team after  
the contest of last Saturday  
with Minnesota, was the  
reason of the tie score at Evanston on  
Thanksgiving day. Such was the  
opinion of Chester Brewer, of this city  
who played his usual fine game in the  
position of right end. Mr. Brewer,  
who is now in the city says the team  
was in a crippled condition.

BURGLARS got in their work  
here Thursday night. Four  
cars of merchandise on the  
house-track of the Saint Paul  
company were broken into and their  
contents over hauled, but the thieves  
did not carry away much of the prop-  
erty.

Twelve pairs of ladies shoes were  
removed from one car and a box of  
leaf tobacco samples from another.  
Five pairs of shoes were found Friday  
forenoon, tied up in a grain sack, in  
Saunders shingle shed, with them being  
an old overcoat, cloak, pair of slippers  
and pair of overshoes, and the box of  
tobacco was found at the stock yards.

The same night J. S. Fetherstone's  
four room and elevator was entered,  
but nothing was taken excepting a  
grain sack, although the papers in his  
desk were scattered about the floor.  
Evidently the thieves were frightened  
and in their hurried departure left  
part of their wearing apparel and  
plunder behind.

**F**UNERAL services over the remains of George W. Buten, who was found dead in his yard at Milton, was held yesterday, Rev. George W. Burdick officiating. Mr. Buten was born in Berkshire County, Mass., April 20, 1816. In the fall of 1832 he went to Alfred, Alleghany County, New York, working for Joseph Goodrich, father of Ezra Goodrich, in his family he had his home for about three years.

In 1835 he went from Alfred to Little Genesee, Alleghany County, New York, where in 1838 he was united in marriage with Miss Phoebe Wells Green, daughter of Alpheus Miner Green, with whom he lived in happy union fifty-eight years and who survives in feeble health.

In 1840 they moved from Little Genesee, N. Y., to Crystal Lake, Ill., remaining there only a few months and removing to Milton, Wis., where he again found a home with Joseph Goodrich, who had settled at Milton.

He then bought a farm at Utica, Dane County, Wis., which was their home, until a few years ago they removed to Milton Junction.

In 1830, while at Little Genesee, he entered upon a christian life, uniting with the S. D. B. church of that place. After removing to Utica, Wis., he and his wife became consistent members of the church of that place. For sixty years he maintained a consistent christian life, being respected by all who knew him, as a man of business integrity and reliability.

More Night Dresses.

For the fourth time, we place on sale, commencing to-day, Saturday, a lot of the popular teal down night dresses for ladies and gentlemen at the uniform price of 94 cents each. We have sold a great number of these night dresses, have calls for them right along, and thus far this season, have disposed of about 40 dozen. That means quite a few night dresses, and the only thing that has made for us this tremendous showing is the price, quality and make of the goods. If you think 94 cents too much to pay for the night robe, and wish to make the garment up yourself, come in and let us sell you the material. We will save you money. Bort, Bailey & Co.

Low Rates to Milwaukee.

On account of the Wisconsin Semi-Centennial Exposition Mass meeting, the North-Western line will, on December 1st and 2nd, sell excursion tickets to Milwaukee and return at reduced rates, good returning until and including December 5, 1896. ## A BAD SMASH UP MADE TRAINS LATE

THREE MEN HURT IN THE WRECK YESTERDAY.

Chicago & Northwestern Engine Ran Into a Chicago, Milwaukee & St. Paul Train at a Crossing—Neil Mahoney's Train Was Held Until 3 O'Clock This Morning

**A** BAD wreck at the C. & N. W. and C. M. & St. P. crossing near Fond du Lac yesterday afternoon delayed all passenger trains into this city, until an early hour this morning. The injured:

WHEELER FRANK, Engineer of the C. & N. W. engine.

KRAMER CHARLES, Fireman on the C. & N. W. engine.

HUGHES, Fireman on the C. M. & St. P. train.

Engineer Frank Wheeler and Fireman Charles Kramer of the Northwestern engine were badly injured, both being severely bruised and scalded. Engineer McMahon of Milwaukee, on the St. Paul engine miraculously escaped, but Fireman Hughes was taken to Milwaukee suffering severe pains in the stomach, and it is feared he has sustained internal injuries. Failure on the part of Engineer Wheeler to make the crossing stop is said to be the cause of the wreck. He had helped a freight over the hill and was returning to the city. When he saw that he could not stop his engine before reaching the crossing he threw the throttle wide open, hoping to clear it. If he had had five seconds more he would have been successful.

Conductor Mahoney's train due in this city last evening at 10:40 arrived about 3 o'clock this morning.

SAD CASE REPORTED TO THE  
AUTHORITIES.

Woman Had Neither Money, Home, or Friends, and Boarding House Keepers Said They Could Not Care For Her Longer—Associated Charities Can Use Cash.

A SAD case of destitution has been reported to the authorities. A married woman whose husband had deserted her, was left without money, home or food. She has been living at a boarding house, but they could no longer keep her, she being unable to pay her board. She will be cared for, and some provision made for the future. As the result of the union Thanksgiving meeting held at the First M. E. church, \$13.25 has been turned over to the Associated Charities. President Palmer stated this morning that much money was yet needed in order to carry on the work that the winter will make necessary. At present the calls are mostly from widows with children to care for.

MOTHERS MUST GUIDE.  
Should Watch the Physical Development of Their Daughters.  
Information They Should Furnish at the Proper Time—Knowledge by Which Suffering May Be Avoided.  
Every mother possesses information of vital value to her young daughter. When the girl's thoughts become sluggish, with headache, dizziness, and a disposition to sleep, pains in back and lower limbs, eyes dim, desire for solitude, and a dislike to the society of children: when she is a mystery to herself and friends, then, her mother should come to her aid. Lydia E. Pinkham's Vegetable Compound will, at this time, prepare the system for the coming change. See that she has it, and Mrs. Pinkham, at Lynn, Mass., will cheerfully answer any letters where information is desired. Thousands of women owe their health to her and the Vegetable Compound, and mothers are constantly applying to her for advice regarding their daughters.

Cattle were unable to get food, and have since drifted into the ravines and settlements for shelter, hundreds of them having succumbed to starvation.

Pittsburg, Pa., Nov. 28.—The railroad miners of the Pittsburg district will get the advance they have asked for without trouble. The operators generally have agreed to pay the 60-cent rate after Dec. 1, and a meeting will be held next Monday, presumably to ratify this agreement. The advance in this district will carry with it a similar increase in the Ohio region.

Forty Years  
OF SUFFERING FROM PILES.  
Remarkable Cure of Popular Major Dean of Columbus, Ohio.

People who suffer from that annoying and obstinate disease will be gratified to learn that science has discovered a safe, convenient and simple cure for every form of piles, as the experience of the popular Major Dean of Columbus, Ohio, amply attests. The Major says: I would like to add my name to the thousands who have been cured by the Pyramid Pile Cure. I know from experience that it is the only remedy on earth that will effectually cure piles; plenty of remedies give relief for a time, but as for a lasting cure I had tried all the salves, lotions, etc., without success. Six boxes of the Pyramid Pile Cure entirely removed all traces of a case of piles of forty years standing.

You may rest assured that the Pyramid Pile Cure has no stauncher advocate than myself. I feel that it is my duty to allow you to use my name in any way you may see fit, in order that other sufferers may be directed to what I feel certain will be a speedy relief and cure.

The Pyramid Pile Cure gives instant relief and a permanent cure in all kinds of piles, bleeding, itching piles. It is absolutely free from opiates, cocaine and similar poisons, so common in pile cures.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1. A book on cause and cure of Piles will be sent free by addressing the Pyramid Co., Albion, Mich.

## BURGLAR LAY DAZED ON CELLAR FLOOR

### THIEF FALLS WHILE GETTING IN A WINDOW.

Swung Against a Shelf, After Forcing  
The Window, and Dropped Head  
First—Unconscious When Neigh-  
bors Came—Exciting Time at Mrs.  
Tennant's House Last Evening.

**F**RED Miller was found uncon-  
scious in the cellar at Mrs.  
Tennant's residence, No. 33  
Milwaukee avenue, at six  
o'clock last night, he having fallen  
head foremost onto the cement floor,  
while forcing an entrance to the resi-  
dence.

Sheriff Appleby was notified by tel-  
ephone, and Miller was taken to jail.  
Miller had stolen considerable prop-  
erty from the home of A. C. Pond be-  
fore he was caught, but all of it was  
recovered.

Miller called at the home of Mrs. S.  
Pond about 5:30 yesterday after-  
noon, and asked for a coat and vest.  
Mrs. Pond referred him to the Associ-  
ated Charities. He then asked for  
money. Mrs. Pond refused him.  
Just at that moment a gust of wind  
blew Miller's hat off. He went after  
the hat which had lodged against a  
high board fence. Reaching the fence  
he put his hands on the top and  
slipped over. Mrs. Pond did not see  
him after that.

From Mrs. Pond's residence, Miller  
went to the home of her son, Andrew  
Pond, on Jackson street. Here he  
found a door unfastened, and entered  
the hall.

Stole the Clothing  
Mrs. Pond heard some one enter,  
but thought it was her husband, so  
he did not investigate. Miller then  
took Mr. Pond's \$18 mackintosh which  
hung in the hall; a child's cloak, val-  
ued at \$8; a lady's hat, and a muff  
in the mean time, it is thought, Mil-  
ler had heard the people moving  
about house so he ran out locking the  
door after him. Mrs. Pond then dis-  
covered the theft but Miller was  
not to be seen.

Then, it was afterwards learned,  
Miller put on the coat, and hid the  
cloak and hat. From the Pond resi-  
dence he went to the home of E. H.  
Brooks, where he tried to sell the  
mackintosh for 75 cents. After that,  
apparently, he went to the Tennant  
residence. Mrs. Tennant and her  
daughter Grace were upstairs. They  
heard the cellar window break, and  
then heard Miller in the cellar. Call-  
ing for help from the second story  
window they aroused the neigh-  
borhood. E. H. Brooks, who lives  
near, heard the call and went to the  
Tennant home. Mrs. Tennant told  
him that there was a "man in the  
cellar," and Brooks descended the  
stairs.

Miller Was Unconscious  
Miller was lying on the floor, un-  
conscious. He had broken the glass  
in the cellar window with a stone.  
Then, taking off the stolen coat, he  
had swung himself through the win-  
dow. Just inside the opening was a  
winging shelf. Miller had not lo-  
cated it in the dark, and when he  
trunk it, he lost his balance, and fell  
head foremost, striking the floor with  
considerable force. He was senseless  
when Mr. Brooks reached him, and  
was bleeding freely from a scalp  
wound. Fern Carr then came down  
own, and telephoned the jail from  
C. Stevens' drug store. Sheriff Ap-  
pleby answered the call, and took  
Miller to jail. In the pocket of the  
coat the Sheriff found a paper with  
Mr. Pond's name on it. Then the  
visit to the Pond houses was learned  
of, and later all the stolen articles  
were found where Miller had hidden  
them.

Miller was a young man, with a  
small, black mustache. He claims  
heboygan as his home, and pre-  
tended to be drunk when he was ar-  
rested.

**A**T the South Main street home

few friends in a pleasing manner last  
evening. Each guest was presented  
with a souvenir which read, "The  
lawkey greets the Badger." As both  
Miss Holmes and Miss Holt were  
former residents of the state of Iowa,  
the inscription is easily explained.  
Light refreshments were served, and  
dancing followed.

Twenty-five of the friends of Miss  
V. Pratt, perpetrated a surprise

## ORPHANS ARE TO GET THE WITHAM \$5000

### SUPREME COURT OPINION IN JANESVILLE CASE.

Certified Copy Has Been Received  
□ and Shows Trustee J. C. Rexford  
to Be Fully Authorized to Carry  
Out The Fifth Paragraph of The  
Will.

**W**ARD Witham's bequest of  
\$5,000 for the indigent chil-  
dren of Rock county, is sus-  
tained. A certified copy of  
the supreme court's opinion in the case  
as received by Sutherland & Nolan  
today. It sustains the will in every  
respect.

The case has been in court nearly  
eight years. Ward Witham died Jan.  
22, 1888. The surviving heirs were  
three sons and two children of a de-  
ceased daughter. The estate was es-  
timated at \$22,000, and the executors  
named in the will were N. N. Jack-  
man and Mark Ripley. N. N. Jackman  
refused to qualify, but Mr. Ripley  
qualified and served until February 2,  
1892, when he resigned and John G.  
Rexford was appointed trustee under  
the will.

The attack on the will was begun  
by one of the grandchildren. The  
paragraph to which objection was  
made was the 5th, which read as fol-  
lows:

I give, devise and bequeath, to my executors  
the sum of five thousand dollars, in trust never-  
theless for the following uses and purposes:  
said sum is by my said executors to be invested  
in some good interest-bearing securities, and  
the net yearly income thereof, shall be used and  
applied by my said executors to the support,  
maintenance and education, or aiding in the  
support, maintenance and education of such in-  
digent orphan children under the age of four-  
teen years, in the said county of Rock and  
state of Wisconsin, as in the judgment  
of my said executors may be most needy  
and deserving; said income of said five thousand  
dollars to be so used and applied as above, until  
the year nineteen hundred, and then the said  
sum of five thousand dollars is to be given to  
such indigent, orphan children in Rock county,  
Wisconsin, as my executors shall think most  
needy and deserving.

The case was tried first in Waukesha,  
Judge A. Scott Sloan finding the fifth  
paragraph void. The supreme court,  
on an appeal, held that the plaintiff  
was not a proper party to bring suit  
for the construction of the will, and  
that, as N. N. Jackman had not re-  
signed as trustee, the case must be  
given a hearing.

N. N. Jackman resigned as trustee  
as well as executor. Mark Ripley also  
resigned as trustee, and the case was  
tried again. This time Judge Sloan  
held the fifth paragraph void for in-  
definiteness and uncertainty, and  
as being incapable of execution by Rex-  
ford, he not having been named in the  
will as executor and trustee. Costs  
and \$166.23 attorney fees were also  
awarded plaintiff.

Trustee Rexford appealed to the  
supreme court at once and as before  
stated the will has been sustained.  
The 5th paragraph is held to be good  
and valid and Rexford as successor of  
Mark Ripley is held to be authorized  
to execute the trusts provided for.  
The circuit court ruling as to plain-  
tiff's costs is reversed.

Sutherland & Nolan appeared for  
Trustee Rexford in the matter Ed F.  
Carpenter for Lorenzo and M. V.  
Witham and John Nichols for the  
plaintiff.

ilton against Emma Hamilton was  
continued for the term with the under-  
standing that if the absent witness,  
who is supposed to be with Hall's cir-  
cle, can be procured, the continuance  
shall be set aside and the case stand  
for trial at this term.

The case of Fred Woodstock against  
Christian Ziekert is now on trial. The  
defendant is a son-in-law of the plain-  
tiff. The plaintiff claims that his  
son-in-law borrowed \$100 from him  
two years ago last March and refused  
to pay him on the ground that his  
wife claimed she had earned one hun-  
dred dollars and given it to her father,  
the plaintiff, and that it was her  
money. Richmond & Smith, of Evans-

Supervisor Smith from special committee on state equalization reported as follows and moved its adoption:

To the Honorable the Board of Supervisors of Rock County.

Gentlemen—Your special committee appointed to confer with the State Board of Equalization, would report as follows:

On June 26th we met with the State Board, in the office of the secretary, and there was a formal talk on the subject of county valuations, and, while not urging any great reduction to this county, we tried to impress upon them the fact that we were high enough.

In 1894 the state valuation was \$600,000,000  
Rock county valuation was.....22,760,600  
In 1895 the state valuation was in-  
creased to.....603,473,526  
Rock county valuation was.....22,099,490  
Making a reduction to Rock county  
of.....670,510  
In 1896 the state valuation was re-  
duced to.....600,000,000  
Rock county valuation.....21,553,069  
Showing a further reduction to Rock  
county.....546,421  
and a reduction in 1894, with  
the valuation of the state remain-  
ing the same, of.....1,216,931  
We therefore believe that having a committee  
for this purpose has been good policy on the  
part of the board.

Respectfully submitted,  
[Signed.] SIMON SMITH,  
ROBERT MORE,  
Committee.

S. T. Merrill, president of the board of  
supervisors of the Rock County Insane Asylum,  
presented the annual report of the trustees of  
said institution, as follows:

TRUSTEES' REPORT.

The Board of Supervisors of Rock County.

Gentlemen—The trustees of the asylum and  
insane house take great pleasure in  
presenting their ninth annual report, in  
which they are able to show that the in-  
stitution is self-sustaining; that the income, or  
earnings, for the fiscal year ending Sept. 30,  
1896, is sufficient to pay all expenditures, for the  
care and subsistence of both the insane and  
the feeble-minded, and to pay the interest on  
bonds amounting to \$553.66, and then have a  
balance that would make a good contribution  
towards interest on the bonds.  
Our records will show no settlement with Supt.

make the total number of insane persons be-  
longing to Rock county, 133.

On examination of the annual accounts of the  
state against Rock county for the treatment and

care of patients sent to Madison, it is found that  
the county is and has been paying for the sup-  
port of some persons who have property and are

abundantly able to pay all charges incurred for  
their own benefit. Therefore, the trustees re-  
spectfully recommend that the board of super-  
visors take some action to reimburse the county

for money thus paid.

In the reports of Superintendent Allen and  
Dr. Fember, heretofore annexed, will be found  
the principal items for the movement of popula-  
tion, sanitary condition, permanent improve-  
ments, products of the farm, receipts and ex-  
penses of the asylum and almshouse for the

year closing Sept. 30, 1896.

Our asylum is now an institution that is re-  
flecting great credit upon the citizens of Rock  
county for their enterprise. The Board of Con-  
trol and the hundreds of visitors speak of it in  
highly commendatory terms. The state in-  
spectors, after spending two days and nights in  
the asylum, making investigations, say in their  
report: "It is one of the most complete and well  
arranged asylums in the United States, and  
is admirably managed." For the many  
economical and praiseworthy commendations  
conceded to our asylum, the county is largely  
indebted to the tact and fidelity of Mr. and Mrs.  
Allen, superintendent and matron, and their ex-  
ceptionally well qualified assistants.

through dangers and make us safe  
in the presence of peril. A per-  
fectly strong man with rich, pure  
blood, has nothing to fear from  
germs. He may breathe in the  
bacilli of consumption with im-  
punity. If there is a weak spot  
where the germs may find an en-  
trance to the tissues, then the  
trouble begins. Disease germs  
propagate with lightning-like ra-  
pidity. Once in the blood, the  
only way to get rid of them is  
to kill them. This is what Dr.  
Pierce's Golden Medical Discov-  
ery is for. It purifies the blood.  
That means that it kills the  
germs, but that is only part of  
what it does. It assists, digestion by stim-  
ulating the secretion of digestive fluids, so  
promoting assimilation and nutrition; puri-  
fies and enriches the blood and so supplies  
the tissues with the food they need. It  
builds up strong, healthy flesh and puts the  
whole body into a disease-resisting state.

We have had it—It will come again.

In buying a stove, there-  
fore, look for one that  
will equip you for emerg-  
encies. The old way of  
building Base Burners  
gave four flue surfaces  
radiating heat. This plan  
is still used by many fac-  
tories—the "improve-  
ments" each year being  
confined to nickel knobs  
and flagree work.

The FAVORITE is  
the only Base Burner in  
the market that makes full  
use of the descending flue  
principle and gives nine  
flue surfaces radiating  
heat. DOUBLE heating  
capacity. SAME quan-  
tity of fuel. The Favor-  
ite, with an oven, is a  
work of art as well as a  
perfectly operating Base  
Burner. The cooking  
holes are close to the fire pot and boil quickly.

WHEN WILL IT BURN?

If that were known in advance owners  
would be pretty certain to apply for insur-  
ance. Fires are hard things to guard  
against. Why run useless risk. Insurance  
in the best companies is cheap—in any  
but the best it may be dear at any price.

This last line will be especially suitable for holiday gifts and is made up of hand embroidered handkerchiefs that usually sell at \$1.50. Early purchasers thus save a big margin.
